**EMPOWERING, EDUCATIONAL, EYE OPENING, AND ENLIGHTENING** are just a few words used to describe this riveting, true-life masterpiece. Many books have been written about the “Down Low” epidemic, but with those books you’ve only been able to skim the surface of the lifestyles of DL men and their transgressions. **Women Wake Up!** will bring their world to you and shed light on things that are not visible to the naked eye.

You will get an in-depth look at how these men meet, date, and become romantically involved with other men...right under the noses of their wives, girlfriends and family.

This book will reveal how a lot of times, women are even introduced to these DL men by their husbands or boyfriends as “homeboys” or “gym buddies”. These women welcome these DL men into their homes with open arms. Unbeknownst to them, these same men are actually linked to their man on a more personal, sexual level.

If a picture is worth a thousand words, then the videos that accompany this book are priceless. **Women Wake Up!** is the **FIRST** and **ONLY** book to contain actual video links of DL men and their male lovers committing the **ULTIMATE** acts of **DECEPTION** and **BETRAYAL** to women. **Yes ladies, these men are deceiving you and posting videos of their tawdry DL deeds on websites that only they know about.**

The **ARROGANCE** and **DISRESPECT** of DL men continue to grow exponentially higher over the years because they know that most women are unaware of these websites and other places that are exclusively catered to DL men. Not anymore! This book submerges you deep into the DL subculture exposing men doing the unthinkable behind your back. In some instances, these DL men are in your homes hooking up with their male companions in the same bed that they share with you.

**Women Wake Up!** is the book for you if you want the truth about this dastardly lifestyle and what your man might be doing when he is hanging out with his homeboys. The time for truth is **NOW!**
